

## Addendum No. 2

Relating to the previously issued Addendum No 1., if on-site installation services are not included in your final cost proposal, the following changes and items must be included:

- The completion of the programming and delivery of the PLC, HMI, and all ancillary equipment to the District shall be January 31<sup>st</sup>, 2020.
- Your proposal must include support and coordination with the District's chosen on-site installation provider until project completion.
